NEWS

December 1, 2022 was the kickoff of Tailored Care Management across the State of NC. Primary Health Choice provides this service in all 6 MCOs. Congratulations to Stephanie Hunt and Marvin Locklear, both PHC Tailored Care Managers, for having the highest levels of engagement for the month of December! Thank you and keep up the good work!

OnTarget: OnTarget is an integrated Electronic Health Record for IDD and Mental Health Provider Agencies. PHC will continue to implement the system across all service lines.

In April 2022 NC Medicaid received approval to increase NC innovation waiver capacity by 1,000 slots. PHC has been working with local management entities- managed care organizations to implement services for the recipients that have chosen PHC to be their service provider. Many thanks to the IDD Clinical Team and the Human Resources Team for getting these services and staff started quickly! Great Teamwork!
